

## A Guy Like You

Lisa Germano

I can't hear anything  
You can yell, you can scream  
I got my things to do anyway  
Far from you

You are this baby  
Pulls me down angry  
I don't care anyhow  
People just let me down  
I just get angrier

You say that love is it  
All of it, a bunch of shit  
I'll ruin everything  
Peace of mind, or a ring

What makes me angry  
Just makes you sad  
This should be easier  
Maybe if I could hear

But I'll just get angrier  
And close my eyes  
And wish away  
Hide it inside, nobody knows

I just get angrier  
There's something you need me for  
But I can't give anymore  
I gave it all away  
Less and less every day

What makes you crazy takes me there, too  
I just expect it to  
Trying to be a guy like you

Walk away  
Intoxicate  
Nobody knows  
I can't hear anything
