

Loosen the Knot

Lissie

Ooh-ooh-ooh...

Humour me this one last time
Think I've just made up my mind
Looking at me like a lover does
But it'll never be the way it was

Ooh-ooh-ohh...

Feel that chord that holds us tight
Let's unravel this tonight

I wanna loosen up loosen up
Loosen the knot
The knot that is holding us
Binding us
Keeping us together now

I wanna give it up, toughen up
Like it or not
Baby It's all that is stopping us
Keeping us together now

Undermining what I do
No one does it better than you
When you change your attitude
Things will change 'tween me and you
But the end is comin' darling and I'm bringing the news

I wanna loosen up loosen up
Loosen the knot
The knot that is holding us
Binding us
Tying us together now

I'm gonna give it up, toughen up
Like it or not
Baby It's all that is stopping us
Keeping us together now
Together now

Together now, together now, together, now
Humour me this one last time

I wanna loosen up loosen up
Loosen the knot
The knot that is holding us
Binding us
Tying us together now

I'm gonna give it up, toughen up
Like it or not
Baby It's all that is stopping us
Keeping us together now
Together now

I wanna loosen up loosen up

Loosen the knot
