

If You Want My Love

Little Mix

Sick and tired of your same mistakes
You never give me what I want
Boy get yourself together
You say you want me but it's too late
I'ma keep it moving babe
I ain't waitin' 'round forever

Now you're ringin' up my phone
Sorry love, I ain't at home
'Cause it's Saturday night
And I'm on a vibe baby

If you want my love
Boy you better know
You got to work, baby
Before I give it up
Whatever you're doing
It ain't enough, baby
If you want my love

Come on boy, let's face it
Everything you're doin' right now's so basic
Baby get the picture
Need to move quicker
Don't ya know that if you want my love
You gotta gimme more than pleasure
Make me feel like I'm the tupa shit that you treasure
I know you got potential
So show me that you're special
Gimme that, gimme that

Now you're ringin' up my phone
Tryna get me all alone
But it's Saturday night
And I'm on a vibe baby

If you want my love
Boy you better know
You got to work, baby
Before I give it up
Whatever you're doing
It ain't enough, baby
If you want my love

Shoulda known that I come first
Shoulda gave all I deserve
Like I gave it, gave it all to you
There's only one way to make your wish come true

(If you want my love)
If you want my love
You better know
You gotta work, before I let you go
(If you want my love)
If you want my love
You better know
You gotta work, before I let you go

(If you want my love)
If you want my love
Boy you better know
You gotta work, before I let you go
Before I give it up)
If you want my love
You better know (Whatever you're doing)
It ain't enough, baby
(If you want my love)
If you want my love
You better know
You gotta work, before I let you go
