

## In The Name

Little Richard

In the name she brought a little joy  
She told me I was the baby boy  
She said that she would never leave  
Oh Lord, have mercy on me

In the name she called me on the telephone  
She said, "Sweet baby, I'm coming home  
I've been gone for such a mighty long time  
And I just can't get you out of my mind"  
Oh, in the name she wrote me a letter sweet  
Now she said, "Sweet baby, when we gonna meet?  
I've been gone for such a mighty long time  
And I just can't get you out of my mind"  
Oh, in the name

In the name she brought me a little joy  
Now she told me I was the baby boy, yes she did, y'all  
Now she said that she would never leave me, yes she did, honey  
Oh Lord, have mercy on poor me, uh-huh

Now in the name she called me on the telephone  
Now she said, "Sweet baby, I'm moving on  
I've been gone for such a mighty long time  
And I just can't get you out of my mind"  
In the name she wrote a letter sweet  
Now she said, "Sweet baby, when we gonna meet?  
I've been gone, a mighty long time  
And I just can't get you out of my mind"
