

One For The Road

Little River Band

We all say that we don't care for money
Money takes a second place
Now I don't care but it seems kind of funny
Me and the boys in a race

And in between times
Crossing county lines
Drinking cheap red wines
Coping with our ups and downs

And the band just keeps on a-rollin'
We all keep it on goin'
Have another on me
One for the road

Day in, day out, times keep a-changing
Every night a different crowd
It's hard keeping track of how our life's rearranging
At times it helps to cry out loud

As we get older
We'll go our separate ways
Look for better days
There maybe ain't a second chance

And the band just keeps on a-rollin'
We all keep it on goin'
Have another on me
One for the road

When the sun don't shine
We hardly get time to be living, no, no, no
We get no rest
But we do our best every night

When we're feeling down
We can call our town
It's at the end of a telephone line
It's sad that we won't be goin' home for a long time

And the band just keeps on a-rollin'
We all keep it on goin'
Have another on me
One for the road, yeah, yeah, yeah

And the band just keeps on a-rollin'
We all keep it on goin'
The band just keeps on a-rollin'
We all keep it on goin'
The band just keeps on a-rollin'
We all keep it on goin'
The band just keeps on a-rollin'
We all keep it on goin'
