

I'm Coming Home

Livin' Blues

I know I left you far away. And we can't be together for a while I didn't really wanna go And leave you far behind I'm savin I'm savin all my love for you Just for you

It's so nice when two or one And you're standing there beside me all the time, all the time Life just doesn't feel the same When I'm standing in this lonely world on my own I need you now, for the rest of my life Every single day.

You gotta keep your love, Cause I'm coming home to you Keep your love for me girl I'm coming home to you I'm gonna make you right baby When I'm coming home.

And now , I hope you'll understand This life has been forced in to my hands But baby, baby if you're mine Your bed is proudly mine Girl girl, what more can I do? Tell me what more can I do?

You gotta keep your love, Cause I'm coming home to you Keep your love for me girl I'm coming home to you I'm gonna make you right baby When I'm coming home.
