

Bag Of Hammers

Local H

You pin me down - you box my ears
I'll get you back - Motherfuck - I'm no baby
I've made a meal - the first course is crow
Choke it down - cause you suck - I'm no baby

You never said smart was your strong trait
But smart never seemed to be a trait at all
And I never wanted to see you go down
But I must admit that I'd like to see you
Fall right back into your tar trap
And bend your back until it fucking snaps
And I never wanted to hurt you that bad
But I must admit that I'd like to see you fall

You pin me down - you box my ears
I'll get you back - Motherfuck - I'm no baby
I've made a meal - the first course is crow
