

The Other Side

Loick Essien

She looks good from the front to the back (ah yeah)
Her whole crew is light skinned by she is eritrean (ah yeah)
And she got a body that could drive the whole city while (God d
amn, God damn)
I got some alcohol to get the feeling right (ah yeah)

She's from the other side
I'll tell you a hundred times
That I won't tell no lies
That she's down to ride
She don't fuck with the other guys
That would kill the vibe
You keep that pussy tight
Tell me it's all mine
Drink till
Drink till
Just drink till we hit the maximum
Drink, drink till
Drink till
Drink till we hit the maximum

All them other girls are just jealous
They wanna be you (yeah)
And I promise no one can fuck you better
The shit is brand new (yeah)
Kissing all on your neck
As you rub my tattoos (tattoos)
And it ain't nothing at all for your friends to come over (your
friends)
Cause they bad too (ohh)

She's from the other side
I'll tell you a hundred times
That I won't tell no lies
That she's down to ride
She don't fuck with the other guys
That would kill the vibe
You keep that pussy tight
Tell me it's all mine (can we)
Drink till
Drink till
Just drink till we hit the maximum
Drink, drink till
Drink till
Drink till we hit the maximum
