

Sweet Somethin'

Looking Glass

Sweet somethin' is smilin' and groovin'
Easily swingin' and singin' a song
Just watchin' her gracefully movin' says
Nothin' but somethin' could ever be wrong

She's so fine
Walkin' in harmony, breathin' in time
She's so fine
Sweet somethin' is so fine

She's standin' by cool runnin' water
Watchin' it windin' and findin' its way
She must be the sky's natural daughter
Runnin' and sunnin', she's livin' today

She's so fine
Walkin' in harmony, breathin' in time
She's so fine
Sweet somethin' is so fine

Everyone thinks about sweet, sweet somethin' some other time
Everyone's gotta go visit her once in a while
Everyone knows where somethin' lives
And everyone needs what somethin' gives
Everyone's gotta go see her sometime
Then smile, sweet, sweet child

Sweet somethin' is everyone's lover
Gently she's callin' us all in our mind
One moment, you'll surely discover
Nothin' but somethin' is all you can find

She's so fine
Walkin' in harmony, breathin' in time
She's so fine
Sweet somethin' is so fine
Sweet somethin' is so fine
Sweet somethin' is
Don't you know that girl is so fine?
