

Apollyon

Lordi

It has awakened
Been in his cage for far too long
Be thee forsaken
Out of the pit like demon spawn

Abaddon
Apollyon returns
Abaddon
Apollyon returns

Sworn to obey the order's rites

Crowns can be stolen
He will prevail at any cost
Revive the fallen
The amulet will not stay lost

Abaddon
Apollyon returns
Abaddon
Apollyon returns

We see the galaxies collide
Heroes will fall

Heathens will come
From all around to seize the throne
It's made of twisted limbs
And varnished shards of bones

Abaddon
Apollyon returns
Abaddon
Apollyon returns
