

## Sincerely With Love

Lordi

Fuck you asshole  
Fuck you asshole  
Sincerely with love

You don't know a thing  
You don't have a clue  
Your bell never rings  
And still you're being you

No-one ever asked  
yet you always tell  
Your opinion's noted  
and now you can go to hell

You think you know everyone  
Better than themselves  
Truly you're the number one  
Appreciating what we've heard  
We wanna thank you with these words

(so) Fuck you asshole  
Fuck you asshole  
Greetings from the heart  
Fuck you asshole  
Fuck you asshole  
Sincerely with love

Thank you for your thoughts  
Thanks for your ideas  
You claim it's all in love  
but it has more to do with fears

We should all obey  
your rules and moral codes  
but it's you who's on the way  
to the place without hope

You think you know everyone  
Better than themselves  
Truly you're the number one  
Appreciating what we've heard  
We wanna thank you with these words

(so) Fuck you asshole  
Fuck you asshole  
Greetings from the heart  
Fuck you asshole  
Fuck you asshole  
Sincerely with love

The smell of sulfur  
And now you wonder  
"How did I get here?"  
The new Monsters gather

Fuck you asshole  
Fuck you asshole [4x]

Fuck you asshole  
Fuck you asshole  
Greetings from the heart  
Fuck you asshole  
Fuck you asshole  
Sincerely with love [2x]
