

Hot Magma

Lords of Acid

I need you here with me
So I can make you scream
I wanna taste your skin
You are the most delightful sin
I scratch my nails into your flesh
I'll make you yearn, I'll make you beg
Because you're mine, my willing prey
I need you here, want you to stay

I'm gonna fuck you
I'm gonna fuck you up
I'm gonna fuck you
I'm gonna fuck you up

I want to hear you sigh
Show me your wolfish smile
I'll squeeze you like a snake
You make my hungry body ache
I taste your sweet and juicy lips
Your lusty hands upon my hips
I'll make you mine, my willing prey
I need you here, want you to stay

I'm gonna fuck you
I'm gonna fuck you up
I'm gonna fuck you
I'm gonna fuck you up
