

If You Were Mine to Lose

Loretta Lynn

If you were mine to lose I'd gladly let you go
Cause that would mean you once belonged to me
I'd gladly face the heartache of losin' you some day
Cause then at least I'd have a memory

Through all the years I've known you you've never noticed me
Just a friend that's all I've been to you
I'd gladly let you break my heart for just one memory
Just to know that you were mine to lose

If I could only hold you just one time
For one short moment heaven would be mine
If you were mine to lose I'd gladly let you go
Just to know that you were mine to lose
[piano]
If I could only hold you just one time...
