If You Were Mine to Lose

Loretta Lynn

If you were mine to lose I'd gladly let you go Cause that would mean you once belonged to me I'd gladly face the heartache of losin' you some day Cause then at least I'd have a memory

Through all the years I've known you you've never noticed me Just a friend that's all I've been to you I'd gladly let you break my heart for just one memory Just to know that you were mine to lose

If I could only hold you just one time For one short moment heaven would be mine If you were mine to lose I'd gladly let you go Just to know that you were mine to lose [piano] If I could only hold you just one time...
