

# You Didn't Like My Lovin'

Loretta Lynn

Don't you think it's a little too late to show those tears  
Just look out the way you're treatin' me all these years  
I'm a full grown woman but you're treatin' me like a kid  
You didn't like my lovin' so I found someone that did  
You didn't like my lovin' so I found someone that did  
And the one I found really made me flip my lid  
After all that past I'm learnin' to live at last  
You didn't like my lovin' so I found someone that did

Far as I'm concerned you can turn and walk out that door  
Cause the way we'd made it don't make it with me no more  
Where your head used to lay there's another head there instead  
You didn't like my lovin' so I found someone that did  
You didn't like my lovin'...  
You didn't like my lovin' so I found someone that did
