

Give You Up

Louise

Made myself a promise that all I'd be is honest and I
Want the same in your reflection, but you always seem to hide

And honestly, I shouldn't be tryin' to win the fight alone
If you want me to be real with you, don't wanna do it on my own

I won't give you up
But not knowin' where we're goin', it just ain't enough
So I'm gonna carry on
'Cause you don't really know a good thing till it's gone

So let me love you for life, not just for tonight
I wanna love you for life
Love you for life, for life, for life

Maybe in another time, you would never run from me
I'll be waitin' till you realize here's where you're supposed to be

And honestly, I shouldn't be tryin' to win the fight alone
If you want me to be real with you, don't wanna do it on my own

I won't give you up
But not knowin' where we're goin', it just ain't enough

So I'm gonna carry on
'Cause you don't really know a good thing till it's gone

So let me love you for life, not just for tonight
I wanna love you for life
Love you for life, for life, for life

I'll be patient, keep on waitin' for you, for you
Now it's time to change your mind, I'll show you, show you

I wanna love you for life, not just for tonight
I wanna love you for life, mhm
Love you for life, for life, for life

I won't give you up
(But not knowin' where we're goin') It just ain't enough
So I'm gonna carry on
'Cause you don't really know a good thing till it's gone

(So let me) Love you for life, I-I
(Not just for tonight) Oh, just for tonight
(I wanna) Love you for life, I-I
Love you for life, for life, for life

Love you for life, for life, for life
