

## Down

Low

I guess the secret's out  
Like a river flows  
It's never over done  
Out of control  
I guess the secret's out  
My simple goal  
You'll be the one, too  
Out of control  
Out of my control

I guess the secret's out  
Above me looking down  
It's not supposed to be that way  
  
Out of control
