

Little Argument With Myself

Low

I wanna believe
Yes, I wanna believe
I wanna believe
Yes, I wanna believe

Just keep counting the stars
Like someday you'll find out
Just how many there are
And we all can go home

'Cuz there's nothing as sad
As a man on his back
Counting stars

But, I wanna believe
Yes, I wanna believe

'Cuz there's nothing as sad
As a man on his back
Counting stars
