

Love Somebody

LP

She was a wild ,wild woman
Always been that way
She said, "Baby, I want to go solo and you don't need me anyway
"

I'm not really into drugs
But you make me feel that way
And baby it is high time

You got to love somebody
Love somebody today
Love somebody today
Love somebody today

He was a wild, wild man
He always been that way
He said "You wanted a poet so I wrote it all down, but you never read it you're feet don't touch the ground"

I'm not really into drugs
But you make me feel that way
And baby it is high time

You got to love somebody
Love somebody today
Love somebody today
Love somebody today
