

# The Power

LP

Yeah  
Yeah  
Yeah

I've been thinking all night, I seen the world  
More things than you know that could ever be  
My girl, and you're best that I've ever seen  
So I've been thinking alright, this is it  
This is what we got, what it's gonna be  
My girl, I'll say a prophecy

Like a dream in a scene from the garden of Eden, yeah  
Cold snake come my way but I wouldn't believe, yeah

I gave you forever  
My secrets, my soul untold  
I gave you the great unknown  
I'll always remember  
That moment you let me go  
And when I'm alone I'll know  
I gave you the power

Oh-oh, oh-oh  
Baby then you'll know, oh-oh  
Oh-oh, oh-oh

I been in my hindsight, it was rough  
So cruel just to be that tough  
The world turns, I guess you better learn  
Like a knife at a gunfight, slow to kill  
But still the same old thrill  
My girl, I bet you'll have a whirl

I gave you forever  
My secrets, my soul untold  
I gave you the great unknown  
I'll always remember  
That moment you let me go  
And when I'm alone I'll know  
I gave you the power

Oh-oh, oh-oh  
Baby then you'll know  
Oh-oh, oh-oh  
I gave you the power  
Oh-oh, oh-oh  
Baby then you'll know  
Oh-oh, oh-oh  
I gave you the power

I gave you forever  
I gave you the great unknown  
I been there I just got home  
I'll always remember  
That moment you let me go  
And when I'm alone I'll know  
I gave you the power

I gave you the power  
I gave you the power  
I gave you the power  
The power
