

IOU

Lucy Spraggan

Dublin by the neon lights
The time we stopped to watch that fight
You asked me if I'd fight someone for you
No

Way were you s'posed to see
Past cocktail drinks at the trinity
You were far too fucking into me
So I'm gone

You can go now
But just don't fall
There's a reason
Why I built these walls

I-O-U
N-O-L-O-V-E
If you want to
You can come and see me
I-O-U
N-O-L-O-V-E

My best friend caught you psycho-eyes
'Cause you broke up at half-past five
Instead of me and you think that's okay
It's not

Glad that I run hot and cold
I just don't wanna be involved
With someone as irrational as me

You can go now
But just don't fall
There's a reason
Why I built these walls

I-O-U
N-O-L-O-V-E
If you want to
You can come and see me
I-O-U
N-O-L-O-V-E

Stupid hats
And photo booths
Wine glasses
And brand-new shoes
Trips to other countries
That I'm ticking off my list

Hotel rooms
Do not disturb
Leg tattoos
A glass of beer
You don't need to ask the names
Of all the lips I've kissed

I-O-U
N-O-L-O-V-E
If you want to
You can come and see me
I-O-U
N-O-L-O-V-E
