

# One Margarita

Luke Bryan

Everybody here ain't from here  
But we're here doin' our thing  
Lettin' go a little, little by little  
Sippin' on a frozen drink

Tiki bars tik'n, pourin' all weekend  
Clouds ain't leakin' no rain  
Two pieces a-shakin', white caps a-breakin'  
We ain't feelin' no pain, it goes like

One margarita, two margarita, three margarita, shot  
Don't worry 'bout tomorrow  
Leave all your sorrow out here on the floatin' dock  
When that sun lays down, we'll be on our way  
One more barefoot round, one more last chance to say  
Hey Señorita, don't you think we need  
A salt and a Buffett song  
One margarita, two margarita, three margarita  
We'll be gone

Ice blue skies, shades on the eyes  
To tuck the bloodshot away  
Hair of the dog, shouldn't take long  
But who cares, we got all day  
Palm trees a-leanin', sunburn a-screamin'  
But we'll all be alright, after

One margarita, two margarita, three margarita, shot

Don't worry 'bout tomorrow  
Leave all your sorrow out here on the floatin' dock  
When that sun lays down, we'll be on our way  
One more barefoot round, one more last chance to say  
Hey Señorita, don't you think we need  
A salt and a Marley song  
One margarita, two margarita, three margarita  
We'll be gone  
We'll be gone

Tiki bars tik'n, pourin' all weekend  
Clouds ain't leakin' no rain  
Two pieces a-shakin', white caps a-breakin'  
We ain't feelin' no pain, feelin' no pain  
It goes like

One margarita, two margarita, three margarita, shot  
Don't worry 'bout tomorrow  
Leave all your sorrow out here on the floatin' dock  
When that sun lays down, we'll be on our way  
One more barefoot round, one more last chance to say  
Hey Señorita, don't you think we need  
A salt and a Chesney song  
One margarita, two margarita, three margarita  
We'll be gone  
We'll be gone  
We'll be gone
