

Niggas wanna win
These niggas wanna win
These niggas wanna win
Everybody wanna be a mothaf**kin' winner
That ain't how it work though, yeah

Ayy, ayy, disproportionate convictions
Especially when it come to our case (our case)
You seen the movie, they killed the nigga
Why you wanna be like Scarface?
That's why niggas gon' lose
Oh yeah, I said it, niggas gon' lose
And you can have a friend and you can have a Benz
One's sittin' down, the other's traffickin'
If you get the car then your friend dies
Havin' one keeps the other one from happenin'
I hope a nigga don't lose
f**k that car, nigga
Niggas gon' los

And she want love, you only want sex
You got yours, she didn't get hers
She got no respect, y'all had a son
She like, "f**k you," she only want a check
That lil' nigga gon' lose
Yeah, yeah, yeah
Mothaf**ka, niggas gon' lose
Yeah and these rap niggas talk about the hood
Like we all lames and they seen it
It's entertain', it's cool as hell
That beat dope, that don't mean shit
That's why niggas gon' lose
f**k you talkin'? Niggas gon' lose
If they legalize that whole thing
They doin' weed, next cocaine
Niggas ain't gon' have no jobs
And Wall Street gon' run the dope game
What a nigga gon' do? Huh?
You niggas gon' lose
