

## Give Up The Ghost

Lycia

Light in your eyes  
Fading and dies  
Spirit - wound  
Spirit - move  
I don't know, i don't know  
Where you go, where you go  
Alone in the room  
The ghost of the moon  
Moth and dust  
Wood and rust  
Spirit - wound  
Spirit - move  
I don't know, i don't know  
Where you go, where you go
