

Take Me To Your World

Lynn Anderson

If you can find it in your heart to just forgive
I'll come back and live the way you wanted me to live
All I want is just to be your girl
Please come and get me
And take me to your world

Take me to your world away from barrooms
Filled with smoke
Where I won't have to serve a drink
Or hear another dirty joke

All I want is just to be your girl
Please come and get me
And take me to your world

Take me to your world
Make me forget the things I've heard
Where people say I love you
And love is not a dirty word

All I want is just to be your girl
Please come and get me
And take me to your world
