

Farewell / Goodbye

M83

Kiss on the mouth, bliss of a touch
Hand in a hand, killing the fiend
I'll write my love on more
Than a thousand weeping willows

Walk on your voice so far so close
Whispering child so cold so mild
All the colors mixed up in falls of rainbows

Tears on your neck, holding you near
Sparkling shells, three comet tails
Hoping for some magic
To make your heart beat next to mine

Shiny island, blue underground
My everyday is fading away
I fly through the wind and whistling
Some strange melody

Hang on to me, getting out of my corpse
Please don't leave me
Watching you from the clouds

Melancholy, you'll join me soon, my love
Feeling frozen, I'll warm you every night
Falling asleep, I'll travel in your dreams
