Slow It Down

Amy Macdonald

I never knew you before, I've been walking around with my eyes on the floor And know you're everywhere to me You're every face that I see, things ain't moving quick enough for me

I guess I've been Running 'round town and leaving my tracks, Burning out rubber driving too fast But I've gotta slow it right down

Back to the moment the very start, from the very first day you had my heart but I got to slow right down... Slow it down. (Down down down) (down down down...)

Wishing, wanting for something more Always better than I had before Who knew these dreams would come true

And I run the red, won't stop at night I don't care for traffic lights Things ain't moving quick enough for me

I guess I've been...

Back to the moment the very start, from the very first day you had my heart but I got to slow right down Slow it down. (Down down down) (down down down...)

I guess I've been...

Back to the moment the very start, from the very first day you had my heart but I got to slow right down...

I guess I've been...

Back to the moment the very start, from the very first day you had my heart but I, I got to slow right down... Slow it down. (Down down down) (down down down...)
