

Bad Mother Fucker

Machine Gun Kelly

When the line froze, what did I see?
A bad mother fucker standing next to me
With his eyes closed, told he can't see
Tryna follow orders, just gone and be free
Be free like a bird so today I'ma fly
Bad, bad motherfucker 'til the day I die
Be free like a bird so today I'ma fly
Bad, bad motherfucker 'til the day I die
Yeah, bad (bad)
Mother (fucker)
'Til the (day)
I (die)

I'm a Bad Brains, Bruce Wayne in the fast lane
Couple Js in the ash tray, style motherfucker
Tattoo'd back, man see the rap name
Take a bath in the champagne, wild motherfucker
Straight from the block, dawg, ducking shots walking to the store
Dollar for a Black & Mild, motherfucker
Blew up as a rockstar so I'm top floor
Throwing drinks on a cop car, foul motherfucker
The only number calling up my phone
Is from my dealer, swear that dude won't leave me alone
Cause he know when I pick up, I'ma cop a couple zones
And my girl know I ain't fuckin' 'til she roll me up a cone
I be keeping freaks in the home, yeah
Apollonia
Gold teeth like the Nolia
Keep 'em on, yeah
I be rolling stoned, yeah
I should be on the cover with my middle finger
Screaming, "I'm a bad motherfucker"

When the line froze, what did I see?
A bad mother fucker standing next to me
With his eyes closed, told he can't see
Tryna follow orders, just gone and be free
Be free like a bird so today I'ma fly
Bad, bad motherfucker 'til the day I die
Be free like a bird so today I'ma fly
Bad, bad motherfucker 'til the day I die
Yeah, bad (bad)
Mother (fucker)
'Til the (day)
I (die)

Kid Rock, that's a bad motherfucker
Young Kells, that's a bad motherfucker (oh shit)
Detroit, y'all some bad motherfuckers
Cleveland, y'all some bad motherfuckers
Okay I'm reaching in my pocket
Got a condom and a hundred dollar bill (uh)
I can snort a rock or I can spend it on a pill (uh)
I be with some models that just flew in from Brazil
And they give me pussy 365 days a year (bitch)
I'm the type to never go to sleep
I'm the type to break a couple motherfuckers' teeth

I'm the type to drop a hit of acid on the beach
And fly to Baltimore and scream, "Fuck the police! "
Do not get it twisted, this is not an image
There are legends told about the nights I'm in the buildings
It is not a question whether or not I'm the trillest
Every bitch is pressing me to get some cum on their acrylics
1. 5 million for my record deal and now I got the feeling
I could finally give a fuck about my parents' marriage healing (fuck 'em)
I'ma buy some mirrors just to put them on the ceiling
So when I wake up I see the realest motherfucker breathing

When the line froze, what did I see?
A bad mother fucker standing next to me
With his eyes closed, told he can't see
Tryna follow orders, just gone and be free
Be free like a bird so today I'ma fly
Bad, bad motherfucker 'til the day I die
Be free like a bird so today I'ma fly
Bad, bad motherfucker 'til the day I die
Yeah, bad (bad)
Mother (fucker)
'Til the (day)
I (die)
