

# I Think I'm OKAY

Machine Gun Kelly

Watch me, take a good thing and fuck it all up in one night  
Catch me, I'm the one on the run away from the headlights  
No sleep, up all week wasting time with people I don't like  
I think something's fucking wrong with me

Drown myself in alcohol, that shit never helps at all  
I might say some stupid things tonight when you pick up this call  
I've been hearing silence on the other side for way too long  
I can taste it on my tongue, I can tell that something's wrong but  
I guess it's just my life and I can take it if I wanna  
But I cannot hide in hills of California  
Because these hills have eyes, and I got paranoia  
I hurt myself sometimes, is that too scary for you?

Watch me, take a good thing and fuck it all up in one night  
Catch me, I'm the one on the run away from the headlights  
No sleep, up all week wasting time with people I don't like  
I think that something's fucking wrong with me

Roll me up and smoke me, love  
And we can fly into the night  
Roll me up and smoke me, love  
And we can fly into the night  
You take drugs (Take drugs) to let go (Let go)  
And figure it all out on your own  
You take drugs (Take drugs) on gravestones (Gravestones)  
To figure it all out on your own

Watch me take a good thing and fuck it all up in one night  
Catch me, I'm the one on the run away from the headlights  
No sleep, up all week wasting time with people I don't like  
I think that something's fucking wrong with me

You'll find me alone at midnight  
Inside my mind, tryna get things right  
(Something's fucking wrong with me)  
They want to keep you calling  
So you don't wake in the morning  
(Something's fucking wrong with me)  
Goodnight, goodnight  
Goodnight, goodnight, yeah  
Find me alone at midnight (Goodnight)  
Inside my mind, tryna get things right (Goodnight)  
They want to keep you calling (Goodnight)  
So you don't wake in the morning (Goodnight)
