

All I Really Need

Machines of Loving Grace

I'm gonna give you one more chance
Now if you want to apologize
Here's your opportunity
Body and soul
Oh, we forgot to say forgive me
Forgive me for I know not what I say
Forgive me, forgive me
My love I've gone astray
All I really need is your love...
To fall in love
If that's what you call love
I still don't know what I've been thinking of
All I really need is your love...
(You already said that...)
All I really need is your love, love, love, love
