

# Jealousy

Macy Gray

Everybody wants my baby  
Every baby wants me  
We both drive each other crazy  
With jeala-jealousy  
(Jealousy, jealousy, jealousy)

Every time that we go out why you wanna bring me down  
Screamin' 'bout how I'm lookin' round  
At other dudes while I'm dancin' with you  
And every time that you come home  
Every time you get on the phone  
I've got twenty one questions and  
Who you talkin' to, where you been  
Baby, baby...

Everybody wants my baby  
Every baby wants me  
We both drive each other crazy  
With jeala-jealousy  
(Jealousy, jealousy, jealousy)

Everybody talkin' lately  
But we all know talk is cheap  
We both drive each other crazy  
With jeala-jealousy  
(Jealousy, jealousy, jealousy)

Every time that we go out in your red Porsche  
All these hoochies wanna get witcha  
I had to give one a beat beat down  
And you accuse me of sleepin' 'round  
You can call it jealous  
But I wanna be with you forever  
And you can call it love, love, love  
Let's call it love, love  
Baby, baby  
Baby, baby

Everybody wants my baby  
Every baby wants me  
We both drive each other crazy  
With jeala-jealousy  
(Jealousy, jealousy, jealousy)

Everybody talkin' lately  
But we all know talk is cheap  
We both drive each other crazy  
With jeala-jealousy  
(Jealousy, jealousy, jealousy)

(Jealousy, jealousy, jealousy)  
(Jealousy, jealousy, jealousy)  
(Jealousy, jealousy, jealousy)  
(Jealousy, jealousy, jealousy)

Everybody wants my baby  
Every baby wants me

We both drive each other crazy  
With jeala-jealousy  
(Jealousy, jealousy, jealousy)

Everybody talkin' lately  
But we all know talk is cheap  
We both drive each other crazy  
With jeala-jealousy  
(I call it love)
