

No Offense

Madilyn Bailey

You're starting to look like a heroin addict
No offense
You're one percent good at singing
No offense
Stop please, oh poison for my ears hmm-mm

Have you ever considered to get breast implant
No offense
Is there a deformity in your lips
No offense
Stop please you're destroying everything
Sorry

But nah nah nah nah nah nah nah
No offense
You ruined this just my own preference
Nah nah nah nah nah nah nah
No offense
Wish you will quit
This sounds like shit
No offense

1 2 3
I miss the old you I hate the new you
Too much autotune
Out of tune
You like a cartoon
No boops snaggle tooth
What kind of sharpie you used
Supper poop super pale
Personally I hate your hair
Ohh-oh-oh you suck
This one made me throw up
Yu-u-u-uch

But nah nah nah nah nah nah nah
No offense
Just one suggestion singing lessons
Nah nah nah nah nah nah nah
No offense
My ears RIP
I hate this
No offense

I could use the amount of foundation on her face for one year
No offense
Your voice is so weird
You should stop this career
No offense
No offense
You look so white
Your hair and skin and everything
It makes you look scary
No offense
Nah nah nah no

But nah nah nah nah nah nah nah

No offense
It's just my own preference
Nah nah nah nah nah nah nah
No offense
No offense but it sounds like shit

No offense but you kinda did it wrong
No offense girl but you just (Fucked) up the song
No offense but Madilyn is way too dramatic
No offense but I cringed the whole way through

No offense
Nah nah nah nah nah nah nah
No offense
