

Sugar Baby

Madilyn Bailey

You have perfect boobs for my hands
And I know that we haven't met but I think that I could be your man
We want to see your ass, love you
Can I see further up your skirt? (Hope that's not weird to ask)

So you're beautiful
And yes I'm single

I want you to be my, my sugar baby, yeah
Your beauty is driving me crazy, I'ma get you paid
Weekly allowance if you just agree to be my sugar baby
Have no problem with money anymore, I'ma take care of your needs
You're so beautiful and I'm looking forward for you
To message me back please, my sugar baby

Can I please buy pics of your feet?
Jimmy's got you on a short leash, send nudes please
OMG, Merry Christmas, you're so sexy
Can I kiss your hotty lips? I would love another bikini pic

Quick question, are you single?
Our descendants will be beautiful

I want you to be my, my sugar baby, yeah
Your beauty is driving me crazy, I'ma get you paid
Weekly allowance if you just agree to be my sugar baby
Have no problem with money anymore, I'ma take care of your needs
You're so beautiful and I'm looking forward for you
To message me back

Hey baby, give me your number
Will you marry me?
Let's have a date in Chicago
Private pool party overnight please
Technically we aren't really together yet
I know we'd get along if we ever met
And I'm seeking your companionship, baby
Give you five hundred dollars weekly

I want you to be my, my sugar baby, yeah
Your beauty is driving me crazy, I'ma get you paid
Weekly allowance if you just agree to be my sugar baby
Have no problem with money anymore, I'ma take care of your needs
You're so beautiful and I'm looking forward for you
To message me back please

Baby doll, my sugar baby, yeah
Mmh, mmh, my sugar baby, yeah
