

One Last Kiss

Madina Lake

She looked at me, her eyes were watering
That's when I knew that this was about to end
Frozen in that moment, time was standing still
And I could feel my heart sinking, fragile

Goodbye, she said
I went and found somebody new

But I gave you every waking moment
I gave you everything you wanted
And now, my love, you're giving me up?

She walked away and I could hardly breathe
I turned around and fell down to my knees
I'm shivering as the truth is settling
Her tomorrow has nothing to do with me
I knew someday that you'd find someone else's lips
But before you go
Could you just leave me one last kiss?

Cause I gave you every waking moment
I gave you everything you wanted
And now, my love, you're giving me up?

And I can't lie still
When there's someone else beside you
And I can't lie still
Cause I'm all alone this time
Cause I'm all alone this time
I'm all alone this time

I remember when you were falling
And I was there just holding onto you
And I'll remember all those
Scars I wear that you carved in me

I gave you every waking moment
I gave you everything you wanted
And now, my love is giving me up.

And I can't lie still
When there's someone else beside you
And I can't lie still
Cause I'm all alone this time
Cause I'm all alone this time
I'm all alone this time
