## Grey Day

When I get home it's late at night, I'm black and bloody from my life, I haven't time to clean my hands, Cuts will only sting me through my dreams.

It's well past midnight as I lie
In a semi-conscious state.
I dream of people fighting me Without any reason $I$ can see.

In the morning I awake,
My arms my legs my body aches, The sky outside is wet and grey So begins another weary day. So begins another weary day.

After eating I go out, People passing by me shout. I can't stand this agony Why don't they talk to me?

In the park I have to rest I lie down and I do my best, The rain is falling on my face I wish I could sink without a trace.

In the morning I awake, My arms my legs my body aches, The sky outside is wet and grey, So begins another weary day.
So begins another weary day.

In the park $I$ have to rest I lie down and I do my best, The rain is falling on my face I wish $I$ could sink without a trace.

In the morning I awake, My arms my legs my body aches, The sky outside is wet and grey, So begins another weary day. So begins another weary day.
