

Try

Madrugada

You can try, but you'll never get it out of your window
You can try, but you'll never get off your back
Well, I thought you said, you'd never crack
The Holland-wheel, the back-attack, it's winding you up
stood East side hotel, well, you had to go all the way

You can try, you can cry, you can try
But you never get enough
You can try, you can try, you can try
But you never get out of it

You can try, but it's coming, yeah, it's coming to get you
Try stop the wheel, and it's not really real anyway
Say, it's not as if you got to pay
For the things that just happened to come your way
(You can try anything now) I say anything
Alright, oh, hey, hey, hey, hey

You can try, you can try, you can try
But you never get enough
You can try, you can try, you can try
But you never get out of it
You know, alright, alright

(Moving, moving)

You can try, you can try, you can try
But you never get enough
You can try, you can try, you can try
But you never get out of it
Oh, try Oh, try Oh, try Oh, try, try, try

(Try)

(You can try, you can try, you can try) (But you never get enough)
