Blood On Your Barbed Wire Thorns

Magnum

You tell me that you think it's over Something's wrong, it never fails Call it just a premonition Hammer in those rusty nails

Now you say your life's so empty All dressed up and nowhere to go You forgot that being friendly It's for real and not just for show Oh, no

Blood on your barbed wire thorns Yeah, yeah, yeah The dogs were howling on the day you were born Yeah, yeah, yeah Can't talk and say you lied So how do you know? The mountains crumble and the river has died Okay, what a show

Now everybody needs attention Don't you know it's been a while Just how long have you been waiting To get you out of your exile

Speak about your superstition Crucified by poverty You're to blame for your decision Won't give you no guarantee Oh, no

Blood on your barbed wire thorns Yeah, yeah, yeah The dogs were howling on the day you were born Yeah, yeah, yeah Can't talk and say you lied So how do you know? The mountains crumble and the river has died Okay, what a show

Behind the door That bears no name Someone will call Always in vain Losing your way Is completely absurd Ring of the phone Discreetly unheard

Blood on your barbed wire thorns Yeah, yeah, yeah The dogs were howling on the day you were born Yeah, yeah, yeah Can't talk and say you lied So how do you know? The mountains crumble and the river has died okay, what a show
