

# Days Of No Trust

Magnum

**C#m A**

Pray to the future

**E**

Look to the past

**C#m**

Face the accuser

**B**

Freeze in our tracks

**A**

So many children

**E**

Have fallen from grace

**C#m**

The door should be open

**B**

No scorn or disgrace

**A E A B**

**A**

Keys have been stolen

**E**

Treasure is lost

**C#m**

Lesson is golden

**B**

Hearts have been crossed

**A**

So here's to the heroes

**E**

Come one and come all

**C#m**

Without them well who knows

**B**

Well who knows at all

**A E**

In these days of no trust

**A E**

Evermore hostility

**A**

We're all living under the same old sky

**B E**

We're all living telling the same old lie

**C#m B A B E**

In these days of no trust

**A E A E A E**

**C#mA**

And music recorded

**E**

Might influence dreams

**C#m**

But headlines are courted

**B**

By stretch limousines

**A**

Pictures of plenty

**E**

Are stuck to the wall

**C#m**

For heads that are empty

**B**

Brains on the floor

**A E A B A E C#m B**

Can't take any more

**A**

Someone is shouting

**E**

Revolution is here

**C#m**

He'll climb any mountain

**B**

For his selfish career

**A**

The truth's not a curtain

**E**

To be drawn back and forth

**C#m**

It's a flame that keeps burning

**B**

Everlasting torch

**A E**

In these days of no trust

**A E**

Evermore hostility

**A**

We're all living under the same old sky

**B E**

We're all living telling the same old lie
