

Foolish Heart

Magnum

Yeah! Yeah!

Ooh, no more footsteps, I'm alone
From her sad eyes, tears are falling
Once again, I'm on my own
Through the wind, I hear her calling

Many days have come and gone
At the thought of me returning
Will I be the only one?
Was the lesson worth learning?

Foolish heart - you've let me down
Foolish heart - turn me around
Foolish heart - don't break in two
Foolish heart - where are you?
Yeah! Yeah!

Thinking now it has begun
Time to wind up all the hours
The biggest fools under the sun
Are locked away in empty towers

Foolish heart - you've let me down
Foolish heart - turn me around
Foolish heart - don't break in two
Foolish heart - where are you?
Yeah! Yeah!

Foolish heart - you've let me down
Foolish heart - ooh, turn me around
Foolish heart - oh, don't break in two
Foolish heart - I'm relying on you

Foolish heart - oh!
Foolish heart - ooh, yeah!
Foolish heart - come on!
Foolish heart - I'm relying on you

Foolish heart - yeah, yeah
Oh, foolish heart - ooh!
Foolish heart - yeah, yeah, yeah, yeah
Foolish heart - I'm relying on you
