

# I Won't Let You Down

Magnum

Sleepless nights  
When you come down  
That's ok  
Long empty streets  
Lost in the time  
Of the day

Please, don't weep  
Kiss your worries goodbye  
Talk is cheap  
Justify or deny

Stay with me, stay with me  
Come on and stay with me

I won't let you down  
I'm here when you stumble  
I won't let you down  
When you start to crumble  
I won't let you down  
Or get lost in the crowd  
I won't let you down  
May you never tumble

Countless words  
Making no sense  
You forget  
Thrown into life  
There's lots of things  
You regret

Please, don't cry  
Cos I won't let you fall  
But defy  
It's your last curtain call

Stay with me, stay with me  
Come on and stay with me

I won't let you down  
I'm here when you stumble  
I won't let you down  
When you start to crumble  
I won't let you down  
Or get lost in the crowd  
I won't let you down  
May you never tumble

Don't look so stranded and feelin' alone  
I'll still be waitin' to carry you home

I won't let you down  
I'm here when you stumble  
I won't let you down  
When you start to crumble  
I won't let you down  
Or get lost in the crowd

I won't let you down  
May you never tumble
