

# The Long Ride

Magnum

Burns brighter than the stars at night  
Just as faithful as the falling light  
It's wilder than the roaring sea  
That's what it means, that's what it means to me

And I don't know what I'd do  
If you took your love away  
I'd be dying by the day  
If you took your love away

Stronger than the coldest wind  
Like the night sky never seems to end  
A remembered long lost memory  
That's what it means, that's what it means to me

And I don't know what I'd do  
If you took your love away  
I'd be dying by the day  
If you go away

There's a fire in your heart  
Gets into my soul  
And I know how it feels  
To be losing control  
There's a fire in your touch  
And it never grows cold  
Though we stand at the edge  
Still we never, never, never, never lose hold

Next to heaven's holy prize  
Warmer than the morning sunrise  
Everywhere and everything you see  
That's what it means, that's what it means to me

And I don't know what I'd do  
If you took your love away  
I'd be dying by the day  
If you took your love away

Far horizon where the eagles cry  
Across the desert, over mountain high  
I know that's how it has to be  
That's what it means, that's what it means to me

I don't know  
I don't know  
I don't know  
I don't know  
I don't know  
I don't know what I'd do  
No, no  
I'd be dying by the day  
If you go away

There's a fire in your heart  
Gets into my soul  
And I know how it feels

To be losing control  
There's a fire in your touch  
And it never grows cold  
Though we stand at the edge  
Still we never lose hold

There's a fire in your heart  
Gets into my soul  
And I know how it feels  
To be losing control  
There's a fire in your touch  
And it never grows cold  
Though we stand at the edge  
Still we never, never, never, never lose hold
