

# You Must Be Born Again

Mahalia Jackson

Ol' Nicodemus was calling  
To see my Lordy one night  
He said, "Master somthings wrong with me,"  
"My hearts not feelin' right."  
You'll never change the feelin' my son  
The master did explain  
If you want to know the answer  
You must be born again  
There is no substitute  
Salvation is your only rule  
If you wish you can pass the gate  
But, you must be born again  
Your ticket you must buy  
No place for your soul to hide  
You'll be lost if you wait outside  
You must be born again

Oh, the Lord respects no person  
(We're) all equal when we die  
The rich man and the pauper  
And every little son aside  
Every judgeman shall reveal  
Every deed that's been concealed  
We've found these words for real  
You must be born again...
