

# Fireheart

## Majesty

The black Wind is howling like Pipes of Death  
Bringing a Blaze of Demise  
Blood thirsty Shadows are on the way  
To eat all that's left there slive  
Renew all the Life wich is on the earth  
With Flames of Resurgence tonight  
Red Dust is burning in heated Air  
Explosions are thundering wild

Imperial Light inflame the Night  
Let it begin with a Spark

Fireheart, Fireheart  
Burn all the Bridges at Dawn  
Fireheart, Fireheart  
Flames of Destruction will storm  
Fire, Fire, Fire, Fireheart  
Fire, Fire, Fire, Fireheart

It all begins with a Clash so loud  
The Dead ones stand up from their Graves  
Ghosts of the Deep are emerging now  
No Place in the World is safe  
The Red Moon is bursting, it's falling down  
The Mountains are melting to Stone  
A River of Blood floating everywhere  
Unholy Creatures are Home

Fireheart, Fireheart  
Torches are burning tonight  
Fireheart, Fireheart  
A Kingdom of Embers will rise  
Fire, Fire, Fire, Fireheart  
Fire, Fire, Fire, Fireheart

Fireheart, fireheart  
Ohohohohoh  
Fireheart, fireheart  
Ohohohohoh  
Fireheart, fireheart  
Ohohohohoh  
Fireheart, fireheart  
Ohohohohoh

Fireheart, Fireheart  
Burn all the Bridges at Dawn  
Fireheart, Fireheart  
Flames of Destruction will storm  
Fire, Fire, Fire, Fireheart  
Fire, Fire, Fire, Fireheart

Fireheart, Fireheart  
Torches are burning tonight  
Fireheart, Fireheart  
A Kingdom of Embers will rise  
Fire, Fire, Fire, Fireheart  
Fire, Fire, Fire, Fireheart
