

# All Of Yours

Making April

My blood bleeds red  
For all those thoughts you left unsaid  
Well how could you let your guard down  
And let me impose  
We're dying the further this thing goes

Well can we go back to where we were before  
You dropped your heart on my floor  
'Cause it was easiest to hide it all away  
And never say what we were thinking  
No you'd never catch me blinking that night  
'Cause I was all of yours

But don't say we became too late  
Well I just think you're humoring yourself  
Let me say one more thing before you fly  
And this charade is out of sight  
I've been wrong but now I'm right  
So let your precious sky come down on you tonight

I'm right outside  
With every useless key I've tried  
You're seamlessly wrapped in secrets  
Unraveling now  
But you don't know just why or how

(Left your heart at my door)  
(Blinking those nights)

Well can we go back to where we were before  
You dropped your heart on my floor  
'Cause it was easiest to hide it all away  
And never say what we were thinking  
No you'd never catch me blinking that night  
'Cause I was all of yours

(Let me say one more thing before these  
Beautiful mistakes we've made run dry  
Well I thought this would all blow by  
And everything would just turn out alright

And this would all be fine)  
So say goodbye to days like these  
I'll give it one more try and hope it all seems better in your eyes  
Well maybe not this time
