

I Made It

Manafest

I made it, yeah
Not famous but I made it
I thank God that I made it

If you've been through hell and the struggle
Ring that bell if you still hustle you know what I'm saying

I made it
Ha ha ha

Born in the middle class
Torn left without a dad
Porn I was into that
Lost just about to crash
Mom prayed the night black
God tapped me on the back
Snipping on a night cap
Epitome of white trash

Dirty, why y'all in a worry
Waking up early, yo
I'm not in hurry
But I made It
I thank God
Not famous but I made it
Yeah I made it

It's good to be alive
It's good to be alive
Through the hell and the struggle
Ring the bell if you hustle
Cause you made it
Yeah you made it

It's good to be alive
It's good to be alive
From the day you was born
Ye coming out of the storm
Cause you made it
Yeah you made it

Bullies tried to rookie me
Oh, pour little me
Overweight cut deep
Fat until I'm fourteen
Skater boy had a dream
See me on ye wide screen
Hear me rock a dope beat
Homie you ain't got heat

The greatest
That's Christ
No favorites
Underrated

I thank God that I made it
Through the hell and the struggle

Ring the bell if you hustle
Cause you made it
Yeah, ye made it

It's good to be alive
It's good to be alive
Through the hell and the struggle
Ring the bell if you hustle
Cause you made it
Yeah you made it

It's good to be alive
It's good to be alive
From the day you was born
Ye coming out of the storm
Cause you made it
Yeah you made it

I made it, you made it
It's in your hands take it
Proclaim it, no faking'
We'll shake this generation

And you know that I made it
No way you can take it
While others been faking
I made it, yeah I made it

It's good to be alive
It's good to be alive
Through the hell and the struggle
Ring the bell if you hustle
Cause you made it
Yeah you made it

It's good to be alive
It's good to be alive
From the day you was born
Ye coming out of the storm
Cause you made it
Yeah you made it
