

# Thrill of It All

Manafest

Thrill of it all  
Thrill of it all  
Thrill of it all  
For the thrill of it all  
Gonna set it off

Eh yo,  
Crisp denim round my waist  
Fashion never plays it safe  
3 stripe color ways  
Risk is in my DNA  
Human so I cut & paste  
Using every ounce a faith  
Counting every second  
Eh  
On to big and better ways  
I got a letter from my father  
And I bothered to read it  
Became an author and bled  
I gave a promise  
I promise stay dope  
Not sell dope  
Promise to love, hope  
Give back to my kin folk  
It's no joke

How high you gonna go this time  
This time I made up my mind  
I fly  
For the thrill of it all  
Thrill of it all  
How high you gonna go this time  
This time I made up my mind  
I fly  
For the thrill of it all  
Thrill of it all  
For the thrill gonna set it off

Extreme dreaming  
I'm leaning in  
This life turns  
Try not to swerve  
(urt)  
It hurts  
Head first  
I'm going in, going in  
All the way, segway  
Clipping off the dead weight  
Try to keep my head straight  
Good choice, bad choice  
I have a voice  
I want to hear that a boy  
Not just that I'm making noise  
Joy abounds loud  
Jumped out the crowd  
Tickle me proud  
Give me some daps & pounds

How high you gonna go this time  
This time I made up my mind  
I fly  
For the thrill of it all  
Thrill of it all  
How high you gonna go this time  
This time I made up my mind  
I fly  
For the thrill of it all  
Thrill of it all  
For the thrill gonna set it off

Stay steady with it  
Don't let it slip a minute  
Stay steady with it  
Don't ever want to come down  
I don't want to come down  
Stay steady with it  
Don't let it slip a minute  
Stay steady with it  
Don't ever want to come down  
I don't want to come down  
Thrill of it all  
Thrill of it all

How high you gonna go this time  
This time I made up my mind  
I fly  
For the thrill of it all  
Thrill of it all  
How high you gonna go this time  
This time I made up my mind  
I fly  
For the thrill of it all  
Thrill of it all  
For the thrill gonna set it off
