

# Killin' Rats

Mano Negra

You ready?  
Now break it  
Shoot

There's a place in the city, just down by the river, all the rats went crazy  
Got fangs made of silver  
Killin' rats

They're cruisin' downtown  
Their eyes full of anger  
If they can't hurt you, they will find another  
Killin' rats

They shot down your father  
They spit on your mother  
Rape brownie girls, girls  
They slaughter your brother  
Killin' rats

Killin' rats  
Break it  
Those rats need a scratch like that  
Those rats need a scratch like that

Shit  
All you real cool cats put yourself together  
Got them back to their swamp before they make you surrender  
Killin' rats

Old cats they quiver 'cause it makes them remember about a long time ago when they fought rats father  
Killin' rats

Was a rat called Hitler, set the world on fire  
This is no fare game  
They wanna do it again  
Killin' rats
