

Rock 'n' Roll Band

Mano Negra

All you boys and girls of the wide world if you want to take it
higher (Higher)

If you want to take a chance, if you wanna rock 'n' roll, tchu
want (Tchu want) to dance (To dance) take a chance

Stressin' town with a dirty sound
Playin' in my room
Heard from the moon (Let's dance)
Bass player's gone yesterday
That junky was sick
There's no way (No way to dance)
Hey, Johnny the rat, you're getting' fat
Better move your ass (And do the bass)
This is (Maybe, euh, a rock 'n' roll) band

300 miles from the next show
So far from the scene, no gasoline (Gasoline, gasoline)
The show's over and the boss, he says, "Those kids were drunk"
("They sounded like monkeys")
If you wanna dance (Let's dance)
If you wanna dance (Let's dance)
If you wanna dance (Let's dance)
Let's dance

Upside down, everybody dance
But Big Bug says, "Won't give you a cent"
Fuck off
Girls around are ready for fun
A jealous guy's, he's drunk, holdin' a gun (Gun, gun, gun)
If you wanna dance (Let's dance)
If you wanna dance (Let's dance)
If you wanna dance (Let's dance)
If you wanna dance
If you wanna dance (Let's dance)
If you wanna dance (Let's dance)
If you wanna dance (Let's dance)
Let's dance
You want to dance, take a chance
You want to dance, take a chance
You want to dance, take a chance
You want to dance, there's your chance
