R: Stand and fight, live by your heart

Hmi D A E

Always one more try I'm not afraid to die

F#mi D E A

Stand and fight, say what you feel

Hmi D A E

Born with a heart of steel

Burn the bridge behind you, leave no retreat

There's only one way home

Those who laugh and crowd the path and cut each others throat

Will fall like melting snow

They'll watch us rise with fire in our eyes

They'll bow their heads their hearts will hang low

And we'll laugh and they will kneel and know this heart of steel

l

Was too hard to break too hard to hold
