

Rosé All Day

Marc Broussard

Well
Baby you've been on my mind
I think about you all the time

Oh I wanna see your face
Don't make me wait
And even when I go to sleep
I can see you in my dreams
Let's make it a reality
Gotta feel ya next to me

Cause when the sun go down
And the moon is high
We'll be chasing stars
Til the morning light
C'mon fly with me
Take a ride with me

And it feels so good to breakaway
Pink champagne
Rosé all day
C'mon fly with me
Get high with me

And now I got you in my arms
This is where we both belong
Oh just you and I
Endless summer time
Baby when the sun comes up
Maybe we should push our luck
And just double down
Hit me with another round

Cause when the sun go down
And the moon is high
We'll be chasing stars
Til the morning light
C'mon fly with me
Take a ride with me

And it feels so good to breakaway
Pink champagne
Rosé all day
C'mon fly with me
Get high with me
So high

Cause when the sun go down
And the moon is high
We'll be chasing stars
Til the morning light
C'mon fly with me
Take a ride with me

And it feels so good to breakaway
Pink champagne
Rosé all day

C'mon fly with me
Just fly with me

When the sun go down
And the moon is high
We'll be chasing stars
Til the morning light
C'mon fly with me
Oh ride with me

And it feels so good to breakaway
Pink champagne
Rosé all day
C'mon fly with me
Get high with me
Oooooo
Yeahhhh woooahhh oooooo
Yeahhh ahhh eh
Yeahhhhh
Oohh wooooo oooooo
Yeahhhh...
